

# News from the LSM student Council

The LSM News is a newsletter written by the LSM council for the LSM doctoral students. It appears every 3 months and contains news from the faculty and from the LSM council.

In this newsletter:

- Meet the new LSM Students

- PhD-off-the-record

- Matriculation

- Curriculum

- Congratulations:

Dr. Eliza Argyridou

- Coming Soon, news from the social committee

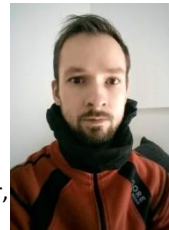

## Meet the new LSM students

This year 19 internal candidates joined the LSM graduate school. We would like to shortly introduce some of them. In the next newsletter we will introduce the others.

### Roman Herzog

AG Papenfort  
"Characterization of a novel Quorum sensing pathway in *Vibrio cholerae*"  
Interests: Snack drawer, skiing & beer

### Aleksei Belyi

AG John Parsch  
"Regulation of gene expression on the X chromosome of *Drosophila melanogaster*"  
Interests: cycling, hiking, knitting & reading Howard Phillips Lovecraft writings

### Melanie Barth

AG Soll  
"The role of OEP16 and OEP40 in cold acclimation"  
Interests: Photography and Art, Riding

### Astrid Zinz

AG Boshardt  
„The role of citrate-metabolism for development, host adaption and virulence of the parasite *Trypanosoma Brucei*"  
Interests: Travelling, Hiking & Socializing

### Yannik Hecher

AG Papenfort  
"Small proteins in *Vibrio cholerae*"  
Interests: making music, reading books & biking through Munich

### Alessandra Narducci

AG Cordes  
"Sensitive fluorescence monitoring of ATP turnover and substrate uptake in prokaryotic ABC import systems"  
Interests: Drawing, Traveling, Fantasy Book Series, Music, Friendship

### Sebnem Akbas

AG Bölter  
"Acclimation of Protein Import into Chloroplasts"  
Interests: Learning, Traveling, Singing

### Lisa Stenzel

AG Mikeladze-Dvali  
„Analysis of mechanisms regulating centrosome biogenesis in *C. elegans*"  
Interests: Playing the ukulele, Travelling, Skiing, Hiking

### Julia Schwarz

AG K. Jung  
"Spatiotemporal dynamics of CadC and other members of the ToxR-receptor family"  
Interests: Skiing, Swimming, Traveling, Reading

GRADUATE SCHOOL  
LIFE SCIENCE MUNICH

## PhD-off-the-record

PhD-off-the-Record is a confidential meeting between doctoral students and is meant to be an easy going group discussion that meets the interests of the participants, especially those relevant to their degree.

We always choose a theme before each meeting to center our discussions around. At our first meeting we discussed the challenges and possible solutions of supervising Master's and Bachelor students in the lab. We will continue this discussion at our next meeting.

Our next meeting will be on Thursday 07.06.2018, at 18:00, in D00.013.

Everyone is welcome to join and we hope to see you there.

## Curriculum

The lecture series for Summer semester 2018 are now available: [www.lsm.bio.lmu.de/curriculum](http://www.lsm.bio.lmu.de/curriculum)  
On 06.06 and 04.07, LSM students will present their work, make sure you don't miss it!

The upcoming transferable skill course is *Grant Proposal Writing* by Dr Cusack and Dr Regierer. The course will be held on two days, 18<sup>th</sup> and 19<sup>th</sup> of June, from 9am to 7pm in N01.019. One slot is still available!

The LSM Retreat 2018 will be held from 25.06 until 27.06 at Haus Bergsee, above the Spitzingsee. This year's workshop covers the topic: "Fit for the Job". Trainers are Dr Simon Golin and partner Ms von Saldern.

## Matriculation

One of the requirements of the LSM is to be matriculated as a LSM-student. If you are not sure whether your matriculation is correct, please check your Student-ID card!

If your study is not Life Science Munich, you should contact Francisca Mende as soon as possible in order to change it.

## Coming Soon

We would like to bring the LSM students together on a regular basis, in order to foster interactions and create opportunities to share experiences. With this in mind the student council social committee plans the following activities:

- LSM Get together BBQ, Wednesday 06.06, after the LSM lecture
- PhD-off-the-record, Thursday 07.06, at 18:00, in D00.013
- LSM Hike, date, time and place to be announced

## Congratulations

Dr. Eliza Argyridou, successfully graduated with her dissertation on "Local and chromosome-wide regulation of gene expression in *Drosophila melanogaster*", and it is now available at the library. We wish Eliza good luck and lots of fun during her Post-Doc!

## Twitter/Facebook

Find us on **Twitter**:
